Enchanted Forest Birthday Party

For any time of year, the table, covered in Comet in Buttercup from Calico Corners, is set with Boontje's dinner plates in gold and white. His small votives are used as glasses. Roost makes the silvery pine boughs, at Vanderbilt and Co.; the bird's nest, from Maison Rêve; and the owls, from Ca'Toga. Those terrific Brighton kid's chairs are from Target. The cookies and cake were made by Eli's Catering, NYC.
